

Detaching the Spa Panel

aquatica®

Function : Form : Fashion

- 1 ONLY IF REQUIRED:**
Expand the feet high enough to access the panel bolts.
If adjusted, be sure to restore to original height so that spa is level.

- 2** Loosen the panel bolts.
(Number of bolts and position may vary with model).

- 3** As the bolts are removed, the panel will start to slide downwards. **Make sure the panel has fully released before carefully pulling it outwards.**
